

Hello,

Thank you for the e-mail. I always have very fond memories of my time in Slovenia. It is hard to believe that it has been ten years since our Olimpija team did so well. I think by far it was the most talented team that I had ever played on in Europe. The greatest thing about that team was our team chemistry. I will never forget guys like Ariel McDonald, Marko Milic, Hafo, Marion K., Marko Tuskic, J. Danilo, R. Nesterivic, Dusan, etc. I know that I am not spelling the names correctly but they were all great people and good friends. We always managed to have a good time no matter where we were. I have great memories of going into Italy and winning on the road to qualify for the final four. Our Rome experience was unbelievable. I really am grateful to have played a part in the team's success. I only wish we could have all come back to play together another year, we may have won a European Championship.

I am currently the athletic director over all sports here at my high school. I coach high school boy's basketball as well. My job and my new wife (married last July) keep me here in Tennessee. But I would love to come back sometime and visit all of the friends in Ljubljana that I haven't seen in years.

Thank you for your time and remembering such a special experience.

Darren Henrie
